CONSENT FOR MEDICAL TREATMENT OF A MINOR
Form must be completed for all persons under the age of 18 years

The Texas Family Code allows only certain people to consent to medical treatment for minors if parental consent cannot be obtained. These are:

1. A grandparent
2. An adult sister or brother
3. An adult aunt or uncle
4. An educational institution in which your child is enrolled, which has written authorization to consent to treatment
5. Any adult who has care and control of the child and who has written authorization from the parent to consent to treatment.

I, ________________________________, am
☐ the parent
☐ the guardian (specify relationship)

of the minor child, ________________________________, and hereby authorize Texas Digestive Disease Consultants and/or its authorized agents, to consent to what ever medical treatment they may deem necessary while said minor is under their care in accordance with Texas Family Code Section 32.001.

Nature of expected medical treatment: Gastroenterology Specialist Care

Date treatment is expected to begin: _____________
